

Notes from phone conversation with Dian McCallum Walck 9/14/2013

bicycle:

1896 Columbia bicycle was her grandmother's. Has 1927 picture of her mother on the bike.

Her mother came to St. Helens in 1917, daughter of John Foote, District Attorney.

grounded boat off Columbia City video:

girls shown are Mollie and Dian daughters of Norm and Jean McCallum sometime after August 1944

Thinks it is a baby flat top on a test run with dignitaries aboard. Rudder broke.

St. Helens Story video:

Fred Bond, owner of Midway Electric (Columbia Electric???) probably was instrumental in creating original film.

Daughters Ruth Bond, Carolyn Bond Nettleingham (Class of '51) and Joyce Bond (Chuck) Brownlow.

Dian has contacted Carolyn and may have a lead on the original film.
